

REMARKS

Claims 1-4 and 6-23 are pending. No new matter has been added by way of the present submission. For instance, claim 7 has been amended to clarify that the insulating layer is made from a photosensitive resin and claim 23 has been amended to clarify that the second insulating layer is made from a photosensitive resin. Thus, no new matter has been added.

In view of the above, as well as arguments submitted on the record, Applicants submit that the present claims define allowable subject matter. The Examiner is thus requested to withdraw all rejections and allow the currently pending claims.

If the Examiner has any questions or comments, please contact Craig A. McRobbie (Reg. No. 42,874) at the number provided below.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to our Deposit Account No. 02-2448 for any additional fees required under 37 C.F.R. § 1.16 or under § 1.17; particularly, extension of time fees.
